Plastek UK Limited recognises that concern for food safety is an integral and fundamental part of our business.

We are aware that some of our operations have an impact on food safety and are totally committed at all levels of the organisation to provide safe and legal products to our customers.

At Plastek UK we understand that by supplying infant nutrition components we are supplying the worlds most vulnerable consumer, to achieve the high level of food safety requirements needed we rely on the strength of our food safety and quality systems

The company maintains a management system that is compliant to **ISO 22000 (Food Safety Management Systems for organisations in the food chain) and PAS 223 (Pre Requisite Programmes and design requirements for food safety in the manufacture and provision of food packaging)**

Our practices and procedures as part of this management system include:-

- *Adherence to the ISO 22000 and PAS 223.*
- *We are committed to ensuring that our organisation complies with applicable current regulations, legislation and other requirements, including customers.*

Food Safety Objective

- *Is it our objective to have zero returns or recalls/withdrawal of product as a direct result of a product safety issues. We shall strive to continually improve the effectiveness of the food safety management system*

To ensure that our management system remains effective and our objectives achieved, we set measureable food safety objectives, and subject our management system to regular internal and external audits, both of which are reviewed at senior management levels.

We shall ensure that suppliers and contractors are made aware of this policy and where applicable adhere to the contents.

As General Manager I take full responsibility to ensure that this policy is communicated and implemented throughout the organisation, this will be achieved during induction, on-going training and its understanding verified during internal audits of our management system.

The policy shall be revised for suitability at our management review meetings.
